Dear Parents and carers

I thought you might like information on the following regarding Lateral Flow tests as you can now do this for you and members of your family.

This is from the Department of Education website.

Members of households, childcare or support bubbles of school staff and pupils

From 1 March 2021, if you're a member of a household, childcare bubble or support bubble of staff or a pupil you can get a twice-weekly test:

- through your employer if they offer testing to employees
- at a local test site
- by collecting a home test kit from a test site
- by ordering a home test kit online

Get a test through your employer

Your workplace may offer rapid lateral flow testing to you. Contact your employer to find out more.

Take a test at a rapid lateral flow test site

You can take a rapid lateral flow test at a local site. Testing at these sites is assisted, which means you will swab yourself under the supervision of a trained operator. You may need to book an appointment.

Collect test kits

You can collect 2 packs of home test kits at a local collection point. Each pack contains 7 tests. Anyone 18 or over can collect. You can check online if the location is busy before you go.

The nearest collection point (when I checked this morning!) was Primett Road South Carpark Stevenage (SG1), Herts which is open from 1pm-7pm weekdays

Order home test kits online

If you cannot get tested at your workplace, or are unable to go to a test site or collect test kits, you can order a home test kit online.

Do not order online if you can get a test through other methods. This frees up home delivery for those who need it most.

[Order rapid lateral flow home test kits](https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests) : <https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests>

What twice-weekly testing involves

You will be asked to:

- take a test twice a week (every 3 or 4 days apart)
- report every result to NHS Test and Trace on the same day you take the test

[Report your test result online](#) or by calling 119.

If anyone tests positive or gets coronavirus symptoms, they should tell the school and:

- self-isolate immediately
- get a PCR test to confirm the result
- follow the [stay at home guidance for households with possible coronavirus infection](#)

A negative result means the test did not find signs of coronavirus. But this does not guarantee you do not have coronavirus, so you should keep following all [coronavirus advice](#) including:

- regular handwashing
- social distancing
- wearing a face covering where recommended
